Awards & Raffle	: 4:15pm – 4:30pm
Removal of exhibits	: 4:30pm – 4:45pm

## **TIPS FOR THE NOVICE EXHIBITOR**

Read the show schedule carefully to avoid being marked down by the judges or getting 'NAS' (Not As Schedule) for not meeting the stated requirements.

Check your exhibit is:

- being entered in the right class - if in doubt ask.
- made up from the correct number of items - count and recount.
- within the parameters stated - check your pot size, overall dimensions etc.
- prepared in accordance with the instructions – eg onion tops tied.

Don't enter too many classes. It takes a long time to gather, inspect, and choose your exhibits and much longer than you think to stage them.

Uniformity in shape, size, and colour is important with exhibits made up of more than one item. If possible, have some spares available in case of damage.

Place larger exhibits directly on the bench. For others try using:

- A board, eg a table mat. Beans, peas and other green vegetables look best displayed on black background.
- Plates or dishes, the plainer the better; use some dry fine sand (silver sand) or wooden curtain rings to keep awkward exhibits in place.

Show all but the smallest cut flowers in plain vases; LDGA vases are available to borrow on the morning of the show. Use wet newspaper or fine wire mesh instead of floral foam to hold the flowers in place and don't overcrowd the vase.
